

The Spiritual Lifting

In the mid 1990's Darrin was part of a channeling group called "The Council" in Little Rock Arkansas. At that time the council was able to receive some incredible channeled prayers and healing formulas. The Lifting was one of the main channeled prayers given to the group. Darrin has used various versions of this prayer for years. His spirit guides have updated the Lifting as of June 2022.

The lifting has many uses, but its ultimate use is to redeem souls to God by sending them into the Light. By calling upon Jesus Christ and certain members of God's Spirit Community, we are given the opportunity to get spirits, entities (both demonic and negative), and negative energies into the Light and back to God. By doing the Lifting, you are doing redemption work and you too are a redeemer.

This prayer is to be used daily. With people who are sensitive and/or mediumistic, it will need to be said more often (as spirits, entities, and energies are encountered). In addition, if you experience any of the following symptoms of spirit possession, you should say the Lifting as soon as possible: *hearing voices or intruding, unusual thoughts; receiving a diagnosis of schizophrenia or multiple personality disorder* (mental illness does exist, but spirit possession can be misdiagnosed as these conditions); *suicidal tendencies; compulsive behaviors, phobias, or anxiety attacks, fatigue; unexplained pain, illness, or allergy; or a noticeable change in personality.* Certain situations make you more vulnerable to spirit possession, including, but not limited to: *using drugs or alcohol; experiencing acute physical or emotional trauma; undergoing anesthesia; going to/working in funeral homes, hospitals, or cemeteries; being present at the scene of a fatal accident, even after the accident has been cleaned up; grieving excessively over the death of a loved one; experiencing emotional excess or instability; possessing mediumistic abilities; attending a séance or using questionable "games" such as Ouija boards, dungeons and dragons, role playing games, violent/occult themed video games, participating in cultist activities, practicing black magic, certain types of hoodoo/voodoo, dark witchcraft, spellcasting, fanaticism, or obsessions.* Also, *excessive channeling practices, compulsive hypnosis sessions* and certain "quantum healing" techniques can open doors to negative entity possession.

You can use the Lifting on yourself, anyone 13 and over that gives you permission to pray for them, and anyone under the age of 13 with parental permission. If you use this prayer for anyone other than yourself, you must state their full name and address (including city and state) and "their family, pets, home, property, and all that they have domain over" in place of where you say "myself, my family, my pets, my house and property and all I have domain over". You cannot perpetually say the lifting for someone else because they must take responsibility for themselves; after about 3 months of you saying it for them, it will stop being effective.

I ask that this Blessing and Protection also be given to my mate, my family, my pets, my house(s), and properties, and all that I have domain over in whatever way deemed appropriate. I ask this in the Name of Jesus Christ, and I thank thee.
